Wolverines Win 2; Ready For More Games This Week

Douglas, Loyalton Will Be Guests Of Truckee-Tahoe Teams

The Tahoe-Truckee Wolverines looking like real up-and-coming champions picked up two wins over the weekend over the tough Reno Ramblers who have been beaten only by league leading Herlong of the Feather River League and the aggressive Lovelock Mustangs. On Saturday night they dropped the same Mustangs by a 41-35 score to avenge a 41-43 loss to Lovelock at Lovelock last week, the score Friday night was Truckee 43 Reno Ramblers 39.

After the half time the Wolverines came out determined and from the whistle they never let up as they poured it on and played probably their most aggressive game to takethe lead 28-26 half way through the third quarter and were never headed as they led by 32-28 at the three quarter mark.

With Rickert and Sheehan controlling the backboards from their double post offense and Wilson hitting on his set shots from the corner, the Wolverines put on a wonderful show for the home fans who were sitting on the edge of their seats. High man was Doug Wilson with 12 markers followed by Floyd Cooper with 10.

Saturday night the Wolverines continued their inspired playing as they took the lead from the opening whistle and were never headed. Tom Sheehan lead the Wolverines to their sixth win against seven losses as he controlled the backboards along with Dave Rickert allowing the Mustangs only four rebounds during the first quarter and only 11 during the first half. Dave Rickert led the scoring, picking up 15 points, followed by Sheehan with 10.

There was a good crowd on hand for both games.

Jayvee Games

In the Junior Varsity games the Jayvees gained a split as they dropped to the unbeaten Rambler Jayvees by a 49-39 score but topped the Mustangs in a come from behind performance, 43-37. High for the losers was L. J. Robinson with 16, followed by brother Craig with 11 and Ken Osburn with nine.

Saturday night the Wolverine Cubs had to come from behind as Coach Stan Drakulich used all his reserves in the first quarter and midway through the second quarter the Cubs trailed 23-8, and at halftime the score was 25-19 in favor of Lovelock.

After the intermission the Cubs poured it on to take the lead for the third conference Jayvee win against two losses. High for the Wolverines was L. J. Robinson wth 14 followed by brother Craig with nine.

Next action for both clubs will be Friday, February 8, when they host the tough Douglas Tigers in another conference set to. Saturday night they play a rematch with Loyalton who topped the Wolverines in their first meeting at Loyalton, 55-50.

Also on Saturday night the University of Nevada will present a Trampoline and tumbling team for the halftime entertainment during the Varsity basketball game.

MINOR CHANGES IN HIGHWAY APPROVED

The Nevada County Board of Supervisors Friday entered into an agreement with the State Division of Highways approving small changes in the stretch of the Highway 40 freeway between Donner Lake and Truckee.

A revised map, showing entrance roads and cattle crossings, was presented by B. F. Sherwood of Marysville, assistant engineer for this district for the division.

The changes do not effect the route but merely add more access roads and in one instance raise the road somewhat to provide better snow removal.

FAMILY NIGHT WILL BE DONNER FEATURE

Manager Jack Neugebauer of the Donner Theater this week announced that starting February 13 the theater will feature Family Nights.

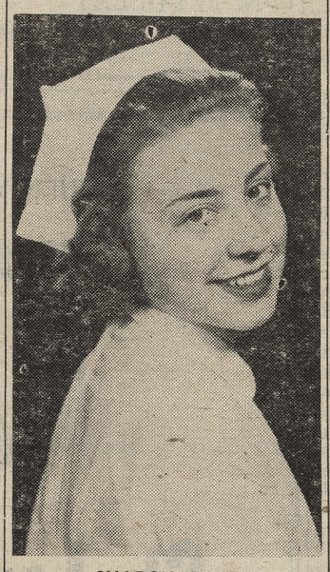
Under this arrangement the entire family—the parents and children—will be admitted on one ticket at $1, each Tuesday and Wednesday nights.

The plan is being inaugurated on a trial basis and may be discontinued in the future.

Sanitarian To Be Asent Three Days Each Week

Wendell E. Dungan, area sanitarian, announces that he will be working in the Grass Valley area Tuesday, Wednesday and Thursdays for the next month or two. However, he will be here Mondays and Fridays and can be reached by calling 341. In any emergency, Dungan can be reached by calling the health officer in Grass Valley during thetime he is absent from Truckee.

TO GRADUATE



SHARON PACE
Daughter of Mr. and Mrs. Anthony Pace of Truckee will be capped and graduated from the Dental Nurses Training School of San Francisco on February 15.

Ski Federation To Hold Annual Meet During This Week

Final plans for the annual reception for the Bay Area Ski Federation at the Veterans Memorial Hall here Saturday evening were made at the meeting of Truckee Post of the American Legion Tuesday night.

Each year between 400 and 500 members of the federation visit the area, holding meets on Donner Summit at the Donner Ski Ranch and enjoying a dance and program of skits and entertainment at the Veterans Hall in Truckee.

The giant slalom will be held Sunday afternoon on a course set by Bud Zorich, director of the Ski Ranch Ski School. It will start on Signal Hill, angling into North Pole and will provide tests for experts but is gentle enough for beginners.

Seventeen clubs will participate in the events, Tony Richter, manager at the Ski Ranch, said.

Blast Destroys Big Portion Of Reno

Despite the fact that many Truckee and Lake Tahoe residents were in Reno at 1 p.m. Tuesday, none were believed injured by the three shattering explosions from a leaky gas main or the four hour fire which followed in the vicinity of West First and Sierra streets.

Two people were known to be dead: Mrs. John Dupratt, 60, socially prominent Reno resident and Frank Spina, operator of a nearby shoe repair shop. Five others were reported missing and scores were treated at the Reno hospitals for injuries.

Mrs. Frank Giovannoni of Truckee had just left the area when the explosion occurred and Dr. C. C. Cozzalio of Truckee and his brother, Dr. A. A. Cozzalio, were lunching at the Elks Club, one of the buildings demolished, when the odor of gas became so strong they left the building. As they emerged, the explosion occurred and the latter was cut slightly by flying glass. Mrs. Red Waddell of Kings Beach was another who narrowly escaped the devastating tragedy.

Ten business establishments were wiped out. Twelve blocks were evacuated for fear another blast from the gas seeping through the lines might explode. Windows were shattered for blocks around.

Most seriously injured was Herbert Tait, 67, a shoe store operator, whose condition was pronounced critical.

The pungent gas odor became so pronounced it was smelled on the second floor of buildings and before the blast occurred most of the occupants of the buildings were evacuated to safety.

HEARING DATE SET ON LAKE DISTRICT

AUBURN—A petition bearing 97 signatures requesting a public hearing on the formation of the North Tahoe Fire Protection District has been submitted to Placer County Board of Supervisors. A hearing will be held February 25.

Construction May Start In March On Floriston Highway

Bids For $5,000,000 Project Will Be Opened Early Next Month

The division of highways next week will advertise for sealed bids for grading and paving 5.4 miles of four-lane freeway on the new and existing alignment of Highway 40 from half a mile east of Floriston to the Nevada state line.

The bid will include construction of an undercrossing at Farad. The current budget allows $5,167,000 for the project, the division said.

The division also announced it will advertise for bids for surfacing 17.6 miles of highway at various locations in the county for which $148,000 is available.

The Floriston project was previously advertised but all bids were far in excess of the state's estimate and it was necessary to reconsider and readvertise after it was found the estimate of the state engineers was too low for thetype of project involved.

As soon as the bids are opened at 2 p.m. on March 6 at Sacramento, work is expected to begin on the Floriston job, since the estimate has been increased and sufficient money is being made available.

The advertisement will appear in the Sierra Sun next Thursday.

A card and bingo party will be given by the Wyethia Club Friday at 8 p.m., February 15 in Odd Fellows Hall when all the popular card games will be played, according to Mrs. Fred Pedley, chairman of the event. A nominal charge will be made.

Barefoot Car Thief Nabbed In Chase

Sheriff's deputies are checking on the story given by Larry D. Abbott, 23, that he was in Ogden, Utah, the time the First National Bank of Nevada in Reno was robbed, January 30.

Abbott, being held in the Nevada County jail on suspicion of robbery and violation of the Dwyer Act, transporting a stolen automobile across a state line, was captured by Highway Patrolman Martin Sturcke and sheriff's deputies Thursday near the 40-20 junction on US 40 after he led officers in a 90-mile-an hour chase over Donner Summit, abandoned his car when it ran out of gas and was picked up bare-footed in the snow by the South Yuba River when he lost his shoes in the chase.

The suspect, officers said, admitted serving prison sentences in Pennsylvania and other places, but denies he had any connection with the Reno bank robbery and told deputies that at noon on Wednesday, January 30, he was selling a car in Ogden.

Meanwhile the sheriff's deputies reported that Abbott is wanted on a federal warrant for violation of the Dwyer Act out of Denver, Colo., for allegedly stealing a car there.

Special Treat Ready For Game Here On Saturday

A special treat is in store for spectators at the basketball game Saturday at the high school. During the intermission of the game between Loyalton and Truckee teams the University of Nevada will present a trampoline and tumbling team in several thrilling stunts.

Star of the feature will be Dave Harris, who, it is said, can accomplish most spectacular feats on a trampoline and will put on a real exhibition.

YOUTHS NABBED AS THIEVES ON DONNER

State Patrolmen Carroll Maynard and E. W. McCallen were called to Donner Summit Lodge early yesterday morning following reports that three young boys were clouting cars in the area.

An investigation revealed, after the three were taken into custody, that they were driving a car stolen from Darwin H. McGuire of Sacramento Tuesday night. They were without gasoline or funds and told the officers they hoped to replenish their supply.

They are 14, 15 and 17 years of age and were being held for Sacramento police.

SUNBEAMS

By WALTER M. BARRETT

The March of Dimes, which got a delayed start here, is due to close and there are still scores of people who have not contributed. The National Polio Foundation has pointed out a few important facts which show the continued need for funds. These facts include: many patients cannot live at home without constant attendance and the average equipment cost for home patients is $1400 and many cases have cost the foundation up to $30,000. Iron lungs cost $1650, while portable chest respirators average $1600. Beds, braces and wheel chairs are also expensive. Too often families hit by polio are unable to finance these essentials and there the national foundation enters the picture. Being entirely dependent upon the public generosity, the need for the March of Dimes need not be explained. Think of a cost of $13,255 for one patient for one year, and remember your help makes this expense possible. Give today.

State Studies Plan For Emerald Bay

A state highway official said a report on alternative proposals to make State Route 89 on the west shore of Lake Tahoe an all-weather route will be ready "within 10 days or two weeks."

J. W. Trask, district highway engineer at Marysville, said two possible ways to overcome the snow slide problem which keeps the highway closed almost all winter are studied in the report. The report will go to G. T. McCoy, state highway engineer.

One, Trask said, is to build a low-level highway with a bridge across the west sideof Emerald Bay. He said a second alternative would be to build a snow shed over the slide-endangered areas of the road.

A department official said their bridge department is working on a design for an Emerald Bay bridge although it has not been decided which route will be used.

ELECTION CALLED TO DECIDE SANITARY ANNEXATION PLAN

There being no protests the directors of the Truckee Sanitary district last week set February 26 as the date for holding the election to determine whether the Gateway area and a few isolated spots in this immediate area shall be taken into the district.

Under the present plan, the district would have as its westerly boundary the Tahoe-Truckee Wye and would include all of the Gateway residential and business area as well as a few sections now adjacent to the district which have never been taken in officially.

Engineers have completed a study of the project of installing sewer lines in the area to be annexed.

It is estimated by the engineers that the cost of the Gateway project will be in the neighborhood of $30,000. This will be financed with a bond issue paid for only by those benefiting.

GAIENNIE EXPLAINS PLANS FOR SQUAW

The part the Sierra Pacific Power Company will play in preparing Squaw Valley for the 1960 Winter Olympic games was explained by Frank Gaiennie, district manager of the company, at last week's meeting of the Truckee Lions Club.

Guests included John Lloyd and Bill Briner. Roy Waters presided.

Last night the club met at Cozzi's Cafe where the annual crab feast occupied most of the enjoyable evening.

APPROVE APPOINTMENT

The board of supervisors Friday approved the appointment of Probation Officer Floyd Ponds of Herbert D. and Katherine D. Williams as superintendent and matron of the county's detention home at Nevada City. The two are residents of Nevada City.

Sportsmen Meet Friday To Protest New River Ruling

Determination Would Close River East Of Boca To Bait Fishing

Members of the Truckee Outdoor Sportsmen and others are not going to take kindly to a determination announced by the state fish and game commission to restrict 10 miles of the Truckee River from Hirschdale to the Nevada state line to fly fishing.

Sportsmen and others interested are asked to attend the meeting at Capitol Hall Friday evening at 7:30 when the details will be thoroughly aired.

The commission did withdraw the restriction on the seven miles between Truckee and Boca, which will be reopened to all types of fishing this year, the 10 miles being the only local restriction.

Charles Osburn, vice president of the Outdoor Sportsmen, said the sportsmen are disturbed over the action of the commission and will send protests as well as having a delegation present at the February 22 meeting to oppose the new proposal.

"Sportsmen feel that there are many streams in the state on which such experiments can be carried out without invading the Truckee River, one of the most popular as well as one of the most available streams in California," Osburn declared. "Why can't the commission select a stream in some remote area on which to conduct these experiments?"

The commission also determined that no planting would be done in that section of the river used exclusively for fly fishing. This is small comfort to fishermen, since it is well known that trout migrate some distances from where they are planted.

Still another determination effecting this area but which is hailed as a good one, is that the use of liver and dairy products will not be permitted as bait. Since catchable trout are reared on liver as food, they are easily caught with liver as bait and this particular bait has been used by some who have been raiding planted waters.

Protest Ordinance

In the meantime, the San Francisco Flycasters Club has filed a written protest through John Larue, attorney of Grass Valley, with the Nevada County Board of Supervisors against Ordinance No. 211 which made the Truckee River in Nevada County an open highway for fishing.

The club owns property along the river east of here which they claim they stock with fish for private use. The open highway ordinance was designed to permit fishermen access to all the river within the county not under cultivation.

An argument over the protest followed and it was decided to table the matter until the February 21 meeting. It seemed probable that a move to repeal the ordinance would be taken at that time.

LEGION OFFICIALS ATTEND MEET HERE

Vice Commander George E. Fiene and Second Vice Commander Pete Benton of the Sixth District of California visited Truckee Post No. 439, American Legion, Tuesday night, marking the first official visit from the district in the past seven years.

Fiene gave a brief history of the American Legion and explained the setup in California, telling of the various programs being sponsored. Benten stressed the importance of the rehabilitation program to which this post has contributed 100 percent.

TRUCKEE CHEF DIES; RITES CONDUCTED

Funeral services were held at the Truckee Colonial Mortuary Tuesday afternoon for George Shawn, 60, chef at the St. Louis Cafe for the past two years and before that a cook in other local cafes, who died last Wednesday following a heart attack. Rev. Wesley Osman officiated at the services and interment was in the Truckee cemetery.

No relatives could be located immediately. Shawn worked at Jackson for 12 years before coming here in 1948.

There are about 30,000 retail lumber dealers in the United States.

Abbott President As Plans Made To Improve Hospital

A. E. Abbott of Kings Beach was elected president of the governing board of the Tahoe Forest Hospital District at the annual meeting and will succeed James Sherritt who occupied the post during the past year.

The board named Charles R. Heller as secretary; Daven Morey was reappointed treasurer and John J. McGlade was reappointed as administrator.

Plans for increasing the facilities at the hospital were discussed and will be given a thorough study during this year.

The improvements as proposed by the medical staff to improve hospital facilities and services would include a second emergency treatment room, a ward structure and a more adequate storage room.

Prior to the meeting of the board, the medical staff met and elected officers for the coming year with Dr. Monica Briner succeeding Dr. L. D. Nelson as chief of staff and Dr. Walter Prescott being named secretary.

It was Dr. Briner who presented the improvement proposals after Dr. Nelson gave a summary of the growth of the business at the hospital which during 1956 was 3 percent above 1955, with a much larger increase in out-patient services.

Members of the governing board are Abbott, Heller, Sherritt, N. Firpo and Warren Porter.

Supervisors Delay Naming Port Body

The board of supervisors meeting last Friday delayed the appointment of a Martis Valley Airport Commission until the March 1 meeting.

The action was taken to give the supervisors an opportunity to interview potential members and study the plans as presented by the North Tahoe-Truckee airport committee.

The airport, south of Truckee, would service the Squaw Valley winter sports area and the recreational area at the northern end of Lake Tahoe. A. T. Parsons, consultant to the county planning commission, told supervisors the airport commissioners should be named soon to start studies of snow depth and wind velocity and direction at the port.

He said such information is necessary if federal airport funds are to be obtained.

FIRST HALF OF TAC HOOP SCHEDULE IS ENDED WITH THRILLS

At the end of the first half of the schedule in the Truckee Athletic Club's basketball tournament, three teams, St. Louis Cafe, American Legion, and Brown's are tied with three wins and one loss each. The Pastime has won one and lost three while Denney's Loggers have a string of four losses.

Thrills galore ended the first half Tuesday night when the Denney Loggers lost to the Pastime, 38 to 46 and Brown's Cafe lost to the St. Louis 49 to 51. A long shot by Joe Copeland as the buzzer sounded broke the tie.

The second round of the series gets underway at the high school tonight with the American Legion meeting the Pastime and Denney's against the St. Louis team and Brown's idle.

The balance of the schedule follows:

February 12: Pastime vs. Brown's; American Legion vs. Denney's and St. Louis idle.

February 14: Denney's vs. Brown's; American Legion vs. St. Louis; Pastime idle.

February 19: American Legion vs. Brown's; St. Louis vs. Pastime and Denney's idle.

February 21: St. Louis vs. Brown's; Denney's vs. Pastime and American Legion idle.

The tournament playoffs will be held February 25 and 27 and March 5.

RAY GRAHNS ARE PARENTS OF GIRL

Deborah Kay Grahn, eight pounds, seven and one-half ounces, arrived at the Tahoe Forest Hospital Sunday evening at 7:07 p.m. She is the new daughter of Mr. and Mrs. Ray Grahn of Tahoe City. Dr. L. D. Nelson was in attendance.

Ray Sorensen Is Killed In Crash Of Jet In Southland

Body Returned For Burial Today; Entire Area Is Shocked

Tragedy struck the home of Mr and Mrs. Andrew Sorensen Saturday when their son, First Lieutenant Raymond Sorensen was killed in a crash of a jet fighter at Palmdale.

The single-place F9F from the Marine Station at El Toro, crashed into the side of snow-covered Mt. San Antonio at the 8000-foot level with Lieutenant Sorensen, 23, at the controls.

Marine Corps officials said the plane was on a routine training flight and had taken off from the Marine Auxiliary Air Station at Mojave.

A spokesman at El Toro said several rescue helicopers sent to the scene were turned back because of ice and bad weather. A group of U. S. Forest Service rangers and investigators from the air station finally reached the wreckage on foot. Hope that Lieutenant Sorensen had parachuted to safety vanished when the body was recovered.

Funeral services were held Tuesday at El Toro and the body was scheduled to be returned to Lake Tahoe today for interment in the Tahoe City cemetery with services at 11 a.m. Mr. and Mrs. Sorensen and their daughter, Loma, went to El Toro immediately upon being notified of the tragedy, and accompanied the body home.

Further details on Lieutenant Sorensen's history and family are contained in the North Tahoe News by Judge Harry Charrison on another page of the Sierra Sun today.

The entire community, where Ray and his family were so well known, was deeply shocked and will join in extending sincere sympathy.

Utility Will Buy Sanders Water

Decision to purchase the Sanders Water System for the sum of $1000 was made at a meeting of the Truckee Public Utility District last Thursday.

The Sanders system which serves some 20 customers in the east part of town, is one of the oldest in the district. The presentowner, J. H. Sanders of Sacramento, has agreed, according to C. Edmunds, district manager, to accept the offer but must await the approval of the state utilities commission before the transaction is completed, probably early in May.

Edmunds said the district proposes to modernize the system and tie it in with the present utility district's mains to give adequate service and fire protection in the area served. This, he indicated, would cost approximately $2000.

With the purchase of the Sanders system, the utility district will have charge of all the various water services in the community with the exception of the Armati system which is serving six or seven customers on the south side of the Truckee River.

CHAMBER OFFICIALS WILL START DRIVE

Directors of the Truckee Chamber of Commerce and members of the membership committee, headed by Chairman Lee Apple, are scheduled to meet next Wednesday at noon for a luncheon at Smart's from where the annual membership drive will be launched.

The year's program will be discussed and approved by the directors and teams will be formed to contact local merchants and others interested in the development of the community.

Rex Reid, newly elected chamber president, will be in charge of the meeting.

MAN, WIFE FINED ON DRUNK COUNT HERE

Robert Hellig of Belmont paid a fine of $294 for drunk driving and being on the wrong side of the highway, and his wife, Evelyn, paid $50 for being drunk in and about an automobile when they appeared yesterday morning before Judge F. W. Wilson in the justice court. The two were arrested by Patrolman T. F. Sheehan on Donner Summit Tuesday and held over night in the Truckee jail.

Hospital Has Busy Week As 47 Patients Treated

Tahoe Forest Hospital experienced a real busy weekend. From Friday to Sunday a total of 47 patients, mostly injured skiers, were treated. There were nine fracture and many sprains and lesser hurts recorded.

Issued License—

James C. Jobe and Marlieta M. Reid both of Kings Beach were issued a marriage license at Reno this week.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — The question of industry in state prisons is one which is bound to come up during the 1957 session of the state legislature, particularly in view of the action taken recently by the State Correctional Industries Commission, which voted down the establishment of a cannery at the Soledad State Prison.

The original idea of industries in the prison was to give the inmates something to do, and if possible, to teach them a trade they could capitalize upon when paroles or releases were effective.

This idea has been followed for many years at San Quentin prison, where the outstanding industry was the operation of a jute mill, in which sacks were made for the agricultural trade.

The mill operated for 69 years, and burned down in 1951, leaving San Quentin without this one facility for keeping prisoners busy. However, plans for a cotton mill at this particular prison were approved by the legislature in 1953, and the first cloth from the mill was produced in 1955.

The San Quentin cotton mill is the category of a medium large enterprise, with a million and a half dollars in a building, and $1,750,000 invested in machinery, both of which should be amortized in 13 years.

The mill produces cotton goods which is sold only to other state institutions, such as terry toweling, terry cloth, drill, huck toweling, chambray, duck, denim, muslin, broadcloth, ticking and khaki. The prison itself is the heaviest consumer of the goods produced.

The interesting thing about the cotton mill is that it is the only one operating in California, and thus is a market for California-grown cotton, even if the market is small.

All of which brings us back to the proposed cannery for Soledad. State institutions consume large amounts of canned goods in feeding inmates of the various agencies, such as state hospitals, prisons, youth authority institutions, and the like.

It is reasonably obvious that if the correctional institutions themselves produced all of the canned goods necessary for the other institutions, that private canneries would not be able to sell their products of the state.

This is also the case in the cotton mill, as private enterprise is no longer needed insofar as the products from San Quentin are concerned.

It is somewhat difficult, however, to go along with the reasoning which would preclude inmates of penal institutions from engaging in and learning gainful occupation.

Fundamentally, the state seeks to restore the convicted criminal to a place in the economic life of the state, and itis also fundamental that such restoration cannot be effected by having the prisoner spend his years in jail breaking rock.

Labor keeps a close watch on prison products and sees that they do not compete in the open market with private industry. The correctional industries commission then, may have been somewhat short-sighted in turning down a cannery for Soledad, which would have provided occupation for many inmates who would otherwise would have too much time to waste.

PARK COMMISSION DENIES EXTENSION FOR NEW SKI TRAM

SACRAMENTO (CNS) — The state park commission denied a request yesterday from the Mount San Jacinto Winter Park Authority for a five year extension of contract time for the building of a ski-tram in the park.

In his summation of the action taken by the board, Joseph R. Knowland, chairman, said:

"We have given the authority every opportunity to finance this project. However, it is more difficult to do it now than it has ever been before.

"We feel that we have done our full part in this matter. There is nothing else the commission can do."

The contract in question, was originally operative in 1945, when war-time legislation approved the Mount San Jacinto Winter Park Act, allowing that authority to sell $1,000,000 of revenue bonds for the construction of the ski-tram.

Persons representing outdoors clubs, an engineer, a professor of geology and a representative of a woman's organization, spoke against renewal of the contract.

The engineer, Nathan Clark, said unequivocally, "the project will fail."

He cited seven surveys taken since 1950 indicate the project will lose in excess of $100,000 per year.

It was noted that construction of the ski-tram, once set at $1,000,000, would cost several times that amount today.

NOTICE OF SALE OF PERSONAL PROPERTY

Notice is hereby given that the Governing Board, Tahoe-Truckee Unified School District, will receive sealed bids for the following described property:

1 36-passenger 1938 bus, Engine T-84110. GMC chassis Model T 16-8, Gillig conventional type body.

Sealed bids will be received at the office of the District Superintendent, Tahoe-Truckee High School, Truckee, California, until 5:00 P.M. on February 8, 1957, at which time all bids will be publicly opened and read aloud.

All bids must be submitted on forms which may be obtained from the District Superintendent, and accompanied by a certified check, cashiers check or money order made payable to the Tahoe-Truckee Unified School District for ten (10%) percent of the amount of the bid. The above-mentioned check or money order shall be given as a guarantee that the bidder will complete the sale should the bid be awarded to him. Remaining ninety (90%) percent of the bid, cash, payable within ten (10) days. All costs of transferring ownership to the purchaser shall be paid by the purchaser.

This property is sold as is, and no guarantee of condition is either expresed or implied.

The Governing Board of the Tahoe-Truckee Unified School District reserves the right to reject any and/or all bids.

HERBERT P. OBEXER, Clerk of the Governing Board Tahoe-Truckee Unified School District.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Sad Tragedy

It is very hard to write an article about such a sad ordeal as this the sudden passing of Ray Sorensen has shocked and touched the hearts of everyone in the community. Ray, as you know, the son of Andrew and Alice Sorensen and brother of Loma of Tahoe Vista. He was first lieutenant in the United States Marine Air Force and was stationed at the El Toro Air Base in southern California. He was out from the base when the accident occurred, an account will be found in a news item on another page. Andy, Alice and Loma were driven down by Billy Martin in the afternoon last Saturday, to be followed by Mrs. Billy Martin and Mrs. Harvey who attended the military funeral on Tuesday. The body was brought back to Truckee, with interment in the little cemetery at Tahoe City, which is quite fitting as Ray was born at Tahoe Vista. Ray was a brilliant young man in everything that came his way and followed closely in his father's footsteps. especially on the firing rangewhere he won many trophies, he was an excellent shot. Ray was an excellent student at the Tahoe-Truckee high, graduating from all classes. His close relatives are an aunt and uncle, Carl and Nina Sorensen, an aunt, Minnie Miller, nd a cousin, Billy Martin, all of Tahoe Vista, two aunts, Edna Plute of Napa and Erma Palmer of Paradise and uncles, Irwin and Jessie Tucker of Vallejo and Ralph Tucker of San Jose and a cousin, Harvey Martin, of Kings Beach. Ray was married 13 months ago to Susie Watkins, who was well known in the area and daughter of Mr. and Mrs. Charles D. Jones. A beautiful baby was born almost four months ago.

We in this community who had known Ray and his wonderful family for so many years, extend our heartfelt sympathy in their time of this terrible tragedy.

Mexico

Tom and Mrs. Lucas have just returned from a delightful trip to Mexico. During their trip they met the Loren P. Moisers of Crystal Bay, and also the John Palmers of Kings Beach, with whom they had dinner of some of those wonderful Mexican hot dishes, Wilma tells of some beautiful warm weather, and just loved the trip from start to finish. Oh, yes, and now Tony and Eve Donadio of Sky Lodge, Tahoe City, and Bob Snyder are off to pretty much the same place. I understand they will drop in on Al and Mrs. Snyder who are presently in Palm Springs. Bob says he might entice them to go along with them.

Happy Parents

Now comes the news that Don and Donna Germain are proud parents of another beautiful baby girl named Dawn Kathlene. They are living in Harbor City. No news yet as to when they will return here.

In Glendale

Just had a letter from Dee and Meredith Siples who are in Glendale basking in the sun and smog. It's only the relatives and friends there that keep them from getting in the car and driving back.

Back Home

Mr. and Mrs. Andy Wickland who weredown around the Palm Spring area came back to their home at Kings Beach and were glad to be home. Also our friend, Harry Stublev is back home in Kings Beach after a short stay in Reno. Sure nice to see these good people back among us. Had a nice letter from Earl Gray telling of a nice winter in Oakland and it's funny how all of our out-of-towners begin to talk of when they will be back. Sign of the times, I guess.

Weekly Report

Now for our usual Sunday morning weather report. It's just 8 a.m. and the temperature is three above zero. This weekend was the same as those we have had for the past four weeks—light snow on Friday and with Saturday and Sunday just beautiful with brilliant sunshine and clear. They say there never was more perfect weather for skiing, with a record number of fans all over the resorts and the whole area.

Giving the Once-Over

Our neighbors, Sam and Audrey Harrison, were up during the past week, also George Harrison from Reno, was over with his family. Sam is living at San Francisco and can't wait til summer gets here so he can come back.

Beaver

I don't know whether the good Truckee people would appreciate this or not. Otis Wing of Kings Beach, an excellent carpenter, is, or has, grown quite a bushy beard (beaver). The only reason he can give is that he is working in Truckee and the weather is so cold there that he can't stand it without whiskers to protect his face. I don't think his wife is altogether in love with the crop.

Wee Kirk

Our pastor, Rev. Earl Langguth, was back in the pulpit last Sunday after spending a short while in San Diego where he spoke over TV. His wife was also along and spent a most interesting time. It was nice to have them back. The choir practices at 7:30 p.m. on Friday. Now come, won't you?

Polio — March of Dimes

The real active part of the polio shots and March of Dimes drive so successfully handled by the V.F.W. and the Ladies' Auxiliary of Post 7077 of Crystal Bay came to a close last Friday night, when a talent show was the feature of the evening with our friend Cactus Tom as the master of ceremonies. And do you know I couldn't believe it was him, because I always figured Cactus Tom was a little sawed off gentleman bent over at the knees and around 70. But lo and behold, he's a real handsome guy about six feet two inches and young and chipper as can be. He really put the show over in great style and everyone appreciated the part he played in making the event successful. The chairman, Wiley Jones, is most happy at the result and thanks everyone for the part they played. Wiley, Pearl Moore and Ray Plunkett asked if I would explain that no matter where the money is donated whether it be in to the Placer County fund or Crystal Bay it all goes into the same big pool.

Now Open

Betty. Powell tells me that she is now back at the Edgelake Beach Resort, Kings Beach, and that the resort is now open.

To Speak

Col. Thomas Miller, chairman of Toiyabe Park Chapter of the Sierra Club will speak at an important meeting to be held at 7:30 p.m. Friday, February 8 in the lobby of the Civic Center Auditorium in Carson City, Nev.

All members and friends of the Tahoe area are urged to attend, said Admiral Crenshaw of Crystal Bay.

SAFETY SEAT BELTS URGED BY PATROL

SACRAMENTO—Use an approved seat belt properly installed if you want to lessen the possibility of serious injury in a traffic collision warns the California Highway Patrol.

"The patrol is continually testing various seat belts and has approved 65 different makes to date for sale in California," declared Patrol Commissioner B. A. Caldwell today. "Installation directions are also checked and should be followed strictly to get full benefit from any approved seat belt.

Studies by organizations such as the Automobile Crash Injury Research group at Cornell University Medical College have shown the value of seat belts in reducing or eliminating injuries in traffic accidents," Caldwell stated. "The patrol has successfully been using seat belts since 1953 and all new cars purchased by the State of California are equipped with belts.

We strongly advise passengers as well as drivers use available seat belts whenever the car they are in is in motion," Caldwell continued. "Seat belts must be approved, installed properly and in use if they areto furnish the utmost in safety and protection."

Examinations Called To Fill State Welfare Jobs

Examinations for clerical positions in county welfare departments in five northern counties have been announced by the Merit System Examining Agency.

Applications must be filed by February 7 for the tests to be given on February 23.

Positions for which February tests will be held include: Nevada County, account clerk; Calaveras County, account celrk; Sutter County, intermediate typist; Yuba County, junior and intermediate typist and intermediate stenographer; Colusa County, junior typist.

NEWS NOTES FROM TAHOE

By Naomi McLane
P. O. Box 195, Tahoma

Ideal Skiing

The beautiful weekend weather made skiinng and sledding practically mandatory. We joined Rowena Cincotta and her boys, Howard and Paul, in a sledding party on the Bliss Park Hill, and incidentally forgot to ask Charlie Neilsen if we could use the state highway for a recreation area. Saw one vehicle all the time we were there, a state highway pick-up, so we didn't obstruct much traffic. The road was in perfect condition for the long two-mile run from the top to Paradise Flat. In the afternoon to Granlibakken where the Ski Club gave lessons to practically all the children in town and to a group of 15 adults. I had long assumed that such people as Beccy Shontz and Marshall Ruhkala would be old skiers but was pleased to see them valiantly taking lessons. Also we were treated to exhibition skiing by a group of old semi-pros including Dick and Howard Carnell, Bob Stark, Dick Clark, Chuck and Olie Hendrikson, and Bill Bechdolt.

Breaks Ankle

X-rays showed that Geri Bean broke several bones in her ankle in her collision on the hill in the early afternoon. We had heard at first that it was not so serious and now feel real bad for her knowing how much she loves the snow country and its activities.

On Crutches

Gary Burmer was hopping about the hill on crutches having wrenched his knee very badly the day before, looking very cheerful in spite of his injury. Tony and Eve Donadio and Bob Snyder got off Saturday afternoon for a month's tour of Old Mexico. Gert and Bill Wilt left the same day for a short Texas visit after which they will proceed on across the border to join Bob, Tony and Eve. Sounds like lots of fun and what a wonderful way to follow the sun.

Birthdates

Mrs. Evie Waters dropped her birthday pennies in the Sunday school birthday box last Sunday. Many happy returns of the day. The first grade and kindergarten have had several birthday celebrations recently. Diane McBride turned seven, Denise Boyle, six, and Janet Jorgensen seven. These parties at school for the little children are very nice. No one is left out and Miss Bean looks upon them as a fine chance to teach easily and painlessly some of the social graces. And most of all everybody loves a birthday and so plain old has fun!

Scout Month

February is Boy Scout month. February 8 is the 47th anniversary of Scouting in this country and our local Cub dens will be busy with activities centering around this anniversary. On February 27th a potluck Blue and Gold dinner will be held at the Community Hall. More details will be forthcoming soon.

Away For Month

Jim and Ann Martin will be missed for a month. They have gone for thattime on a visit to Cathedral City near Palm Springs.

At Davis

Mr. and Mrs. Dick Clark had as weekend guests Mr. and Mrs. William Slater of Davis.

Visit At Lake

Mr. and Mrs. E. M. Schnell and their son, Michael, and his school friend, Paul Abdallah, were visitors of Mr. and Mrs. Don Snyder in Lake Forest for several days this last week. Mrs. Schnell is Martha's sister. They were all obviously enjoying the snow at Granlibakken this last Sunday. Schnells make their home in Stockton.

Has Measles

Measles delayed the starting of skin grafting on the little Jorgensen baby who was so badly burned in December. He is still, and will be for a long time yet, in St. Mary's Hospital in Reno. Betty Jorgensen reports that he is doing fine and seemsto love the nurses and the hospital setup. When she saw him Sunday he was sitting up in a baby-tender and was so pleased to be out of bed.

Birthday Party

Neighbors surprised Dave McBride with a birthday party Friday night at the Bob Jorgenson home. Having reached half of his three score and ten he was presented with useful gifts such as Serutan and Fishing-made-Easy (or difficult) game. (This last sounds fascinating, a home made invention by Mrs. Jack Van Allen.) Besides the couples already mentioned others participating in the surprise party were Mr. and Mrs. Bill Cannon and Mr. and Mrs. George Hogan.

Explains Dial

Last week's Rotary meeting brought George Selkirk, local manager of the telephone company, out with an explanation of the new dial set-up for this community scheduled for June 16. Our dial call will be JUniper, and it would be, since that is one of the few cone bearing trees we do not have in this paradise. Anyway, the call will be JUniper and if we want to know the time or call a long distance number (Kings Beach) we will dial the operator in Sacramento. He said this may sound silly but it will be a great improvement over the old system. Bill Conners wanted to know how we were going to find out if the school bus would run on snowy mornings or when the highway would be opened so he would know when to get out of bed. He didn't find out, but he and other merchants and resort owners did find out that the company intends to have all the new number asigned by March 25, which is far ahead of the summer season as can be arranged. We look forward to the whole set up, frankly, and think it will be fine for the community.

Plan Valley Forge Scout Jamboree

Official Poster of Fourth National Jamboree

Fifty thousand Boy Scouts, Explorers, and leaders from all parts of the nation and some from other lands will camp together at the Fourth National Jamboree July 12-18.

A 1,500-acre tent city is being prepared at historic Valley Forge in Pennsylvania. It will have its own water supply, electricity, telephone service, post offices, and other services for the largest gathering of boys in the Western Hemisphere.

Jamboree campers, all of them at least twelve years old, holding Second Class rank or higher, will share daily camp chores, cook their own meals, take part in displays, campfires, demonstrations, intercamp visits, and excursions to historic shrines in and near Philadelphia.

Outstanding Americans will take part in principal events.

NORTH TAHOE GOES WELL OVER QUOTA FOR DIMES MARCH

KINGS BEACH — The North Lake Tahoe area contributed $1,207.55 to the March of Dimes.

This was reported by the Veterans of Foreign Wars of Post 7077 and the Ladies Auxiliary who sponsored the drive, with Wiley A Jones, chairman.

A breakdown of collections showed the following:

Auxiliary coin collectors, $136; Service clubs, VFW, Rotary and Lions, $75; Auxiliary Blue Crutch, $21.50; raffle, $70; Auxiliary, Kings Beach school, $36.74; Tahoe Lake school, $36.81; Auxiliary Mothers' March, $348.50; talent show; Crystal Bay Club Bar, $189.76 Auxiliary coffee parties, $20; donations from showing pictures to Service Clubs, $133.25.

Nordic Ski Meet Will Be Held At Cisco Feb. 17th

Bob Herdal, Auburn Ski Club president, announces that the Auburn Ski Club will sponsor the Nordic combined cross country and ski jumping tournament on Sunday, February 17, at the Auburn Ski Club grounds near Cisco on Highway 40 at Tunnel Mountain. All classes of racers and jumpers will be competing.

Rolf Wigaard, Jr., will be the tournament director, with Art Blodger as his assistant. Jim Ford will act as chief of the hill.

The eight-mile cross country course will be laid out by a former champion, Fenn Rasmussen, with several others to assist him. Other old timers such as Roy Mikkelsen, Orrin Ellingson, Rolf Wigaard, Sr., and Andy and Olaf Blodger will be on hand to officiate.

Admission is free to spectators and a wide parking area has been plowed out on the highway next to the grounds for the convenience of spectators and competitors.

LINDSAY TO OCCUPY IMPORTANT OFFICES

SACRAMENTO—With the opening of the 1957 regular session of the California Legislature, Assemblyman Francis C. Lindsay (R) of Loomis, representing the 6th Assembly District, is returning for his fifth term. One of the few recognized water authorities in the state and the nation, Assemblyman Lindsay has been renamed chairman of the powerful Conservation, Planning and Public Works Committee of the assembly.

TnT TIDINGS

By JUDE' COMMAGERE

War And Peace

Monday, January 27, many TnTers boarded a bus, bound for Reno. The purpose of this field trip was to see a four-hour movie, "War and Peace." The title was so given, I believe, because of the wars, not only military, but in the minds and hearts of the people. Peace was added to the title because after much suffering, disorder and wars, the climax was momentarily peace. The students who went to this movie enjoyed it.

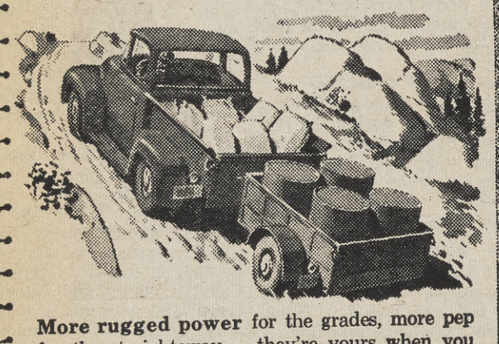
Spirit Regained

During this season TnTers have lost that important school spirit. School spirit isn't just yelling at a game, joining friends in activities, or volunteering services. School spirit is an inner feeling of belonging, a sense of responsibility and above all, enthusiastic loyalty. A rally is held every Friday, for the purpose of boosting school spirit. Each rally hasn't been what it could be. With the spirit we previously had we could "raise the roof." This Friday we had the usual rally, but with a new cheerleader, Coach Jim Brehler. He presented a very simple yell, Tahoe-Truckee, with the instructions to yell at our best, as he opened his hand. TnTers did so, and the noise in unison was terrific. Why can't we do it all the time? The spirit leaders drew a surprising breath during the Jay Vee game with Reno, this Friday, for spirit seemed to be bursting out of every rooter. Then, during the varsity game the spirit decreased, until it was lost. What are the facts behind this loss of spirit? I do not know. But I do know it is not the Wolverines. Our teams have shown the best fight, drive, and will to win, than ever before. The facts are therefore, concerning US!, the students who support and help the team to victory! Our "TREM"-endous school spirit came to TnT because he heard of the great amount of spirit we possessed. He wanted to be a part of such a school, a leader, a rooter, and OUR school spirit. He has stayed even when he probably knows we have lost our spirit. Will TREM leave? The answer lies in each TnTer's hand. Answer this question by revising what TnT needs to complete its foundation, SCHOOL SPIRIT!

BACK FROM EAST

Despite the prevailing cold weather during their six weeks trip, Mr. and Mrs. Roy Stark of Tahoe City thoroughly enjoyed their visit with relatives and friends. The couple left here December 27. arriving home last Sunday from Colorado and Kansas.

Get hill-climbing power... with Chevron Gasolines



More rugged power for the grades, more pep for the straightaway... they're yours when you use Chevron Gasolines in your car or truck! And, you'll discover Chevron Gasolines give you:

- New freedom from knock

Mrs. Dorothy Rose this week announced plans have been completed for a dancing party to be held in the basement recreation room of the Truckee Community Methodist Church for the seventh and eighth graders, with the nineth invited, on Saturday evening, February 16, starting at 7 p.m. and continuing until 9:30 p.m. Refreshments will be served during the affair. Rev. Wesley Osman, pastor of the church, and a number of parents will chaperone the youngsters.

* * *

The high school PTA, whose president is Russ York, announces the donkey basketball game for the benefit of the band uniform fund will be held in the high school gym on Tuesday night, February 26, at 8 p.m. Tickets for the benefit game are now on sale and it is hoped a good crowd will respond to this worthy cause.

* * *

Mrs. Gladys Pedley, California state safety chairman, returned to her home on Monday morning after spending most of last week attending the National Traffic Safety Seminar in Berkeley and the State Federated Women's Club meeting in San Francisco. The latter approved unanimously backing Bills 523 and 524 jointly introduced by California State Senators Berry and Johnson, outlining the actual construction of a low level highway and bridge for Emerald Bay, and the appropriation of monevto finance the project. The federation also sent two recommendations on safetv to the senate. The first urged increasing the punishment for conviction of drunk driving, the second requested an increase in personnel in the division driving license examiners.

* * *

Mr. and Mrs. C. A. Tollefson, who rceently enjoyed an extended tour of Europe, have deserted their winter residence at Hemet, which they found too chilly, and are vacationing in Tucson, Ariz. They areexpected home late in February or early in March. Terry Tollefson has been busy instructing the students of the Tahoe-Truckee schools this winter during the week, and is giving free lessons on Sundays to members of the Lake Tahoe-Squaw Valley Ski Club at Granlibakken.

* * *

Am right sorry to have missed "Under the Capitol Dome" on Channel 3, Sacramento, on Sunday afternoon on my TV as some of my neighbors have told me our esteemed editor, Walt Barrett of the Sierra Sun, participated in the program which included Governor Knight and others, outlining the permanent aspect of plans for building at Squaw Valley, and vicinity, for the Olympic games. Not only did our Mr. Barrett give a very excellent account of himself, but he was also pronounced "very photogenic" by those who viewed the program.

* * *

Here in Truckee the ground hog on Saturday, February 2, ground hog day, came out of his hole, found some sunshine beheld his shadow, and went back into his diggings for another six weeks of winter.

* * *

Mr. and Mrs. Jack Wolert this week are entertaining as houseguests their son-in-law and daughter, Mr. and Mrs. Ernie Dugan, daughter Olivia and son John from Stockton. Also visiting for a week is Mrs. Wolert's sister, Mrs. Walter Peterman of Tracy. The Wolerts plan to leave on Sunday next for a week, combining business with pleasure, visiting San Francisco, Sacramento and Stockton.

* * *

The many friends of Mr. and Mrs. Bud Miller of Truckee will be happy to know that Mrs. Miller is returning home this week from Washoe Hospital in Reno where she recently underwent a very serious operation. She was a patient for a week and latest reports indicate she is making satisfactory progress toward recovery.

* * *

Jimmie Goodhue, son of the James Goodhues, formerly of Homewood and Donner Lake, who now resides with his family down the peninsula, was a visitor to the Truckee area on Friday of last week, where he enjoyed a day of skiing. He reports his mother very ill.

Fred Watt of the Highway Maintenance Department observed another birthday on Wednesday of last week. Helping him celebrate at dinner at the Donner that evening were Harry Ambler, Edith Trent and Jackie Murray.

* * *

Guests over the weekend at the William Curran home in town were Justice of the Peace and Mrs Brynn Marr and Mr. and Mrs. Buck McKernon, all of Ravendale.

The dollar in your pocket now will help make it possible for him to walk without braces.

And more:
It will help train the hands and minds of many professional experts, all desperately needed . . . it will help finance research to perfect the vaccine.

Today, there is less polio, but:
Tens of thousands born too soon for the vaccine still need your help.

Let's Finish the Job!

P. S.— He'll make it. His name's Mark Fight.

BROCKWAY ROTARY STARTS MEMORIAL FOR LT. SORENSEN

KINGS BEACH—During the regular meeting the Rotary Club of Brockway, President Pappy Brooks called on Judge Charrison to offer a eulogy to the memory of Lieut. Ray Sorensen, of the Marine Corp, who was killed in an airplane accident near El Toro field on last Friday. Ray was the son of our beloved life honorary member, Andy Sorensen and his wife, Alice.

As a memorial to Ray the club contributed $110 which will be given to his widow to be used in any manner she may choose, or it may be added to any other funds that may be raised.

Program Chairman Barker called on Ray Ehlers to introduce Jackie Jensen of the Boston Red Sox baseball club. After a few interesting remarks, Jensen and Hank Dodd presented the film, "The Jackie Jensen Story." This was a story of Jensen's life and how he could have become a juvenile delinquent except for the influence and guidance of his teacher who installed in him the ambition to attain a better life for himself.

A letter was read from Audrey and Mary Lynn Welch, daughters of our deceased charter member, Rube Welch, presenting to the club a 16 m.m. movie projector in memory of their father. The club is very grateful to the girls for this thoughtful gesture.

Mr. and Mrs. Ward Knapp have joined the Lake Tahoe colony at Cathedral City, leaving Van Nuys the last of January because of snow and continued rain in the latter city. Mrs. Knapp wrote that they are looking forward to their return ot the lake.

The desert tortoise, with a 30-year life span, never drinks water.

Standard Eagle Race Will Be Held Sunday As Sugar Bowl Event

NORDEN—With from 6 to 10 feet of excellent snow on the ground, a record crowd is expected to attend the first Eagle Standard race of the season at Sugar Bowl Sunday at 10:30 a.m., Manager Walter Haug announced.

Many intermediate and advanced skiers will be trying out for the gold, silver and bronze eagles while a few experts will take a crack at the coveted diamond eagle. To take the diamond eagle a man must make the course in 1:05 and a woman in 1:10 or less. Last year, six men took these top honors.

The new Lincoln lift is proving to be a major attraction in Sugar Bowl.

STARR WALTON IS WINNER IN SKI MEET

SODA SPRINGS—Starr Walton racing for Sugar Bowl at Dodge Ridge Sunday continued her sensational swath through Sierra skiing circles as she won the conbined title and turned in the fastest single slalom run in the Dodge Ridge junior championships.

Men's honor went to San Salmans of Reno.

Jim Baker set both courses on the East Como slope, away from the many bowls used by recreational skiers.

Slalom times for other local skiers were Class 1: Kit Schull, Squaw Valley, 1:13. Class 2, Tom Reich, Sugar Bowl, 1:32.1. Girls Class, 2, Smiley Tschopp, 1:18.1; Mary Reich, 1:27.5, both of Sugar Bowl.

Class 3, Lillie Cushing, 1:33.2, Squaw Valley, Class 4, Sandy Fellows, 80.9, Kathy Allen, 89, both of Squaw Valley.

Class 5, Betty Reich, 97.6, Sugar Bowl.

PETITION FILED TO FORM FIRE DISTRICT IN NORTH TAHOE

TAHOE CITY—At a regular meeting of the board of supervisors on January 28, a petition was presented for the formation of the North Tahoe Fire Protection District. The assessor certified that 59 taxpayers signed the petition.

At the boundary commission hearing it was pointed out that although the boundary overlaps that of the North Tahoe Public Utility District, it does not conflict with any present fire district.

The district as proposed extends from Carnelian Bay to the state line.

The petitioners request that the district taxes and assessments be limited to 50c per one hundred dollars of assessed valuation of the real property and improvement thereon.

The hearing has been set for February 25, 1957 at 2 p. m. at the courthouse in Auburn.

Bay Area Couple Wed At Lake Tahoe Ceremony

KINGS BEACH—A delightful wedding was held at the home of Judge and Mrs. Harry Charrison when John Robert Anderholm and Johanna Borman, both of Redwood City exchanged vows.

The best man and matron of honor were Mr. and Mrs. Jay Clark of Truckee.

Both the bride and matron of honor wore gray suits with corsages of red roses. Refreshments were served following the ceremony. The couple will honeymoon at Reno, enjoying skiing at Reno Bowl and hope eventually to make their home at Lake Tahoe.

Mothers' March On Polio Is Big Success At Tahoe

KINGS BEACH—Polio Chairman Bernita Jones, Ladies' Auxiliary to the V.F.W., announced $348.50 was collected on the Mothers March on polio January 31, in the North Tahoe area.

The North Tahoe area consists of communities of Kings Beach, Tahoe Vista, Lake Forest, Tahoe City, Incline Beach and Crystal Bay, an area of approximately 12 miles.

Regardless of deep snow and icy paths 20 members of the auxiliary, four volunteers and two post members marched on this most successful Mothers March.

Volunteers were Mrs. Stan Parsons, Jo Ann Ruhkala, Wilma Korich, Ruth Mizner and post members Bob Molsberry and Gene Antonson.

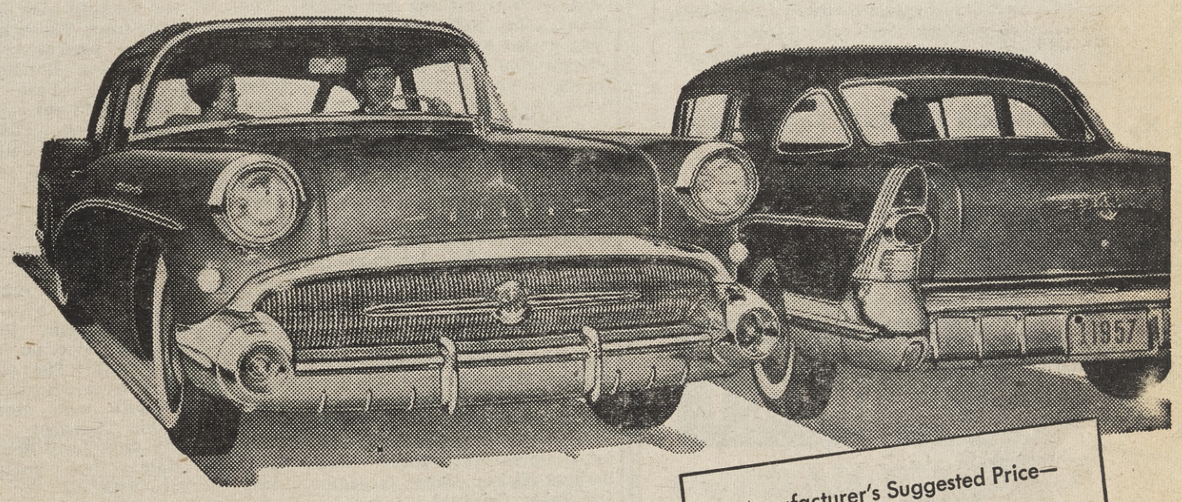
What a Price! What a Buick!



WHERE ELSE among all the '57 cars can you find the equal of this?

Where else can you get the power, the performance, the room, the visibility, the solid substance you get in this spanking-new Buick SPECIAL—*for just a few dollars more than the price of a smaller car?*

Here you get a big and brawny Buick that's brand-new in body and styling and interior beauty.

More important—brand-new in everything that gives lift and life and lilt to a car—for that's where we put most of our hard-cash millions in building you this sensation.

So you boss a brand-new top-torque engine, command a brand-new *instant* Dynaflow.*

You ride in a new chassis design that "nests" the body inches lower *without loss of headroom, legroom, footroom—or ground clearance.*

Go see for yourself at your Buick dealer's—Buick's the dream car *to drive*—and the most satisfying buy in the land today.

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan
$2595.83
(including Delivery and Handling Charges and Federal Excise Taxes)
Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Brand-NEW Styling —MORE GRACE Low-sweep silhouette has flair without flash

Brand-NEW BODIES —More Comfort New lowness with full headroom and legroom

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Come in! One look is worth a thousand pictures—one ride is worth ten thousand words. IT'S THE DREAM CAR TO DRIVE —THE BIGGEST VALUE TO BUY

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Big Thrill's Buick
SPECIAL • CENTURY • SUPER • ROADMASTER

Tahoe-Truckee School District News

DONNER TRAIL

Our class hasbeen discussing a number of interesting topics, including voting, to determine the position they favor. The results have been very interesting.

No. 1: Should capital punishment be done away with by state law? Yes: 10. No: 11.

No. 2: Should a foreign language be taught in the elementary grades? Yes: 18. No: 3.

No. 3: Should 18-year-olds be allowed the right to vote? Yes: 3. No: 18.

Perhaps the most surprising vote was on 18-year-olds having the right to vote. Many of the students have older brothers and sisters and they felt that they were not ready to cast a responsible vote, or would vote either the same way their parents voted, or contrary to their parents just to be different.

KINGS BEACH SCHOOL

Kindergarten and First Grade: (Teacher, Elrose Knudsen.) Bobby Brandt and Georgia Burris received new readers this week.

Two of our first graders went away on short trips this week. Jay Bisio left for Sacramento to visit his grandparents. Jay traveled by train. Jan Jensen flew to Oakland to visit her grandmothers.

Second and Third Grades: (Teacher, Katherine Wing.) Friday, the third grade had their final test in spelling. The following third graders received 100 percent in their test: Bruce Templeton, Vern Wing, Bruce Draney, Beverly Bergman, Chris Althof, and Paula Martin.

At the last pack meet of the Cub Scouts and the Boy Scouts, Vern Wing, who is now eight years old, was initiated as a Cub Scout. He has joined Pack No. 4. Mrs. Ellen Templeton is the den mother.

Cindy Hiatt brought a record for us to enjoy during music.

The arithmetic group working in the book "Thinking With Numbers" has completed it. Those finishing their books are: Darryl Lausche, Bruce Templeton, Vern Wing, Beverly Bergman, Chris Althof and Bruce Draney.

It was our room mother who prepared and served the delicious refreshments for the last PTA meeting. The credit goes to Mrs. Margaret Christiansen for the homemade doughnuts.

Third and Fourth Grades: (Teacher, Dorothy M. Corbin.) Friday we held a meeting of our Citizenship Club. President Estelle Howell presided. Wendy Howell, secretary, read the minutes.

The members voted on the name Serria Club. Phil Thompson and Mike Reed were appointed doormen for this week. The club has decided to work on trying to improve our manners.

The class voted to send a gift to Amy Arndt who has just returned to Kings Beach from the hospital in Reno. She will be back to school next week.

Our class has taken part in the ski program. Beginners are Mike Reed, Terry Boatman, Steve Felte, Ronnie Baker, Carl Brooks, Alton Clathier, Bob Holley, Donnie Decker, Wendy Boatman, Penny Cassidy, Carol Franklin, Susan Graton, Estelle Howell, Leta Leborde, Morles Draney, Robert Axelson, Wayne Mandeville. Intermediates are Phil Thompson, Harvey Kitzke, David Reed, Arthur Weddell.

Fifth and Sixth Grades: (Teacher, Raymond Bisio.) Work on the social studies is coming along very well. Maps made from flour and water are taking shape.

Science on the slide and microscope is continuing but not as fast as in the beginning. Dr. Prescott has promised some slides of skin tissue and of body cells for our study.

TAHOE LAKE SCHOOL

Kindergarten and First Grade: Teacher, Geraldine Bean.) Bobby Litke is oneof our star pupils this week. He made 100 percent on his reading vocabulary test. Star papers on original printing compositions were done by: Ruth Ann Dunn, Dianne McBride, Breezie Cross and Erik Henrikson.

First and Second Grades: (Teacher, Solveig Beavers.) We are taking words from our readers and spelling them out loud. Then we are writing the words on our papers. Those who have written them correctly and received stars for neatness are: Rocky Riggs, Barbara Nielsen, Janet Jorgensen, and Tabor Griswold.

In the second grade we are writing our own stories. Today our subject was "Why I Like Ski Day." Billy Rabska likes it because he can ski down hills. George Selkirk likes to ski because he wants to learn. Vicki Jones wants to learn how to turn and how to race good. Kim Marvin likes to ski because he likes to smell the fresh air. Marty Spitsen likes skiing because he wants to learn and also because he likes the coaches.

Third and Fourth Grades: (Teacher, Lillian Farr.) The third and fourth grades made a diagrammatical study of the function of the outer and inner ear. Julianne Bechdolt carried top place in both scientific recording and diagram. Donald Stowe is doing some further research on the human ear, and probably will tie Julianne when he presents the material.

Fifth and Sixth Grades: (Teacher, Helen Rauscher.) The following sixth graders received perfect scores in a recent arithmetic test: Don Bradley, Grant Burmer, Danny Conners, Elaine Bramlett, Gloria Drum, Sandy Fellows, Vicki Jo Rich and Suzanne Sprague.

Fifth grade students are competing for the title of best speller in their class. The selection is now limited to Howard Cincotta, Janis Giannini, Sandra Riggs, Kim Turner and Erica McLane.

TRUCKEE ELEMENTARY

Kindergarten: (Teacher, Dee Osborn.) Our cold weather aroused a curiosity over thermometers, and most of us have learned to read them. When asked if anyone knew what the stuff inside the glass tube was called, George Franceschini answer, "Lincoln." "No, mercury," said Curtis Melugin. To that George replied, "I knew it was named for one of those cars."

First Grade: (Teacher, Helen Camp.) We are working very hard on our adidtion facts. Those having near perfect and perfect papers daily are: Bill Cardinal, Bill Rose, Gary Albin, Jennifer O'Bear, Michael Davis, Henry Frates, Judy Ingalls, Michael Borden, Phillip Risden, Raul Hernandez, Wilbur Glenn, Stephen Simmons and David Higgins.

In our first spelling test we all received 100 percent.

We are sorry that Diane Daly is at home with the mumps. We hope she will be able to return to school soon.

First Grade: (Teacher, Ruth Croxen.) Randee Reese came into our room this week. She was transferred here from Oregon.

Bobby Goldsmith was absent from school this Thursday.

Kenny Bretthauser, Jerry Neugebauer and Kathie Hart brought books to share with us.

Second Grade: (Teacher, Helen Trask.) We are glad to have Sandy Miller and Bruce King back with us again.

Those having writing papers displayed on our bulletin board this week are: Gary Kehm, Ronnie Walker, Bruce King, Timmy McLane, Gail Englehardt, Karen Hedlund, Frances Barrett, Kathy Braasch, Teresa Pinedo, Sharon Petersen, Len Vind, Mary Ann Moore, Raymond Fitzsimmons, Gary Waters, Jack Melugin, Donny Whiteneck, Darlynn Ingalls and Wayne Mosby.

Third Grade: (Teacher, Arlene Roth.) We're glad to welcome Robyn Reese to our class. Her family has recently moved to Truckee from Oregon.

Skiing is of primary interest these winter days. Those enrolled in the school ski program from third grade are: Randy Russell, Courtney Lewis, Dennis Stevens, Ricky Ralphs, Betty Saarni, Joyce Randall, Charles Trainor, Anne Morey, Dawn Maynard, Dianna Pankoke, Monty Straub, Kristin Meixner, Debbie Ellis, Fosten Wilson and Mark Moore.

Fourth Grade: (Teacher, John Stever.) The fourth grade pupils selected Eddie King and Judy McGwinn as being the most courteous boy and girl in the class. Discussion group for the social studies were formed; each of the four groups having eight members participating. Chairmen of the group were Marcia Leamon, David Fordham, Judy McGwinn, Wade Mosby, Linda Banyard, Eddie King and David Sorani.

Outside of the classroom, the Cub Scouts, Eddie King, Jimmy Roth, Gary Sturcke, Greg York, Steve Davis and Dave Sorani, gave interesting talks on planets.

Routine assignments were handled by Eddie King, Linda Banvard, Judy McGwinn, Greg York and David Fordham.

Fifth Grade: (Teacher, Olia Tiffee.) Letter writing in correct form, such as social and business letters, preparing outlines and making written reports, is being studied this weekand next.

Oral reports were given by Ronald Brown, Jimmy Randall, Susanna Sciutto and Evelyn Hintz.

Maureen Reese from Coquille, Ore., was welcomed to our class Monday.

Those making a perfect score in spelling were Steve Besio, Susanna Sciutto and Leilani Braasch.

Sixth Grade: (Teacher, Virginia Doyle, substituting for Ruth Roberson.) Mrs. Roberson is still not back yet, but we hope she will be back soon.

In history, the whole class had to draw a map of South America. The ones who did very well were: Sheryl Swauger, David Pankoke, Gary Brines, Danny Worsham, Pat Saarni, Gene McGihon, Bob Hobbs, Kenny Lloyd, Janice Roth, Juaquin Fuentes, Jeff Stock, Patsy Jensen, Kittie Ellis, Daven Morey, Virginia Barnes and Dennis Whiteneck.

The people who got 100 percent in spelling trial test were Janice Roth, Sheryl Swauger, Shirley Patton, Gene McGihon, Dennis Whiteneck, Ellen Patnoude, Pam Rose, Kathy Curran, Jerry Kirby, Joe Straub, Danny Worsham, Lloyd Kunkler, Pat Saarni, Mary Ann Miller, Juaquin Fuentes and Joe Parkhurst.

AN OPTICAL ILLUSION—It only looks as though this paratrooper of the 82nd Airborne Division is landing atop the still open 'chute of his just-grounded buddy. The picture was taken at Fort Bliss, Tex., when a contingent from the Fort Bragg, N. C., division was putting on an instructional airdrop operation.

Liquid Revenues Swell Treasury Of California

SACRAMENTO (CNS)—Revenues liquids that do not mix—combined to enrich the state's treasury in October by $26,763,257, Robert C. Kirkwood, state controller announced today.

Kirkwood said the State Board from gasoline and alcohol—two of Equalization had collected $23,968,431 from the six-cent state tax on the distribution of 400 million gallons of gasoline and other high-test fuels by the state's refiners and importers during the month of September.

The remaining $2,794,826 was collected during October from excise taxes on the September wholesale distribution of alcoholic beverages.

The controller said the revenues were derived from the sale of 400,000,000 galnos of gasoline, which will give the state $22,648,788 for highway maintenance and construction, and from the sale of 1,604,745 gallons of distilled spirits.

Working Together

Governor Goodwin J. Knight has proclaimed this week of February 3rd to 9th as Chamber of Commerce week in California.

The Truckee Chamber of Commerce started about 50 years ago and has been responsible for the initiation of many worth while projects that has advanced the welfare of the Truckee Area—Highways, Schools, Health, Industry, Fishing and Winter Sports to name but a few.

A Chamber of Commerce is a voluntary organization in which the business units of a Community, throungh membership, by cooperation and coordination of effort, endeavor to improve the conditions under which the Community lives and does business, in order that the Community might grow and develop.

The Truckee Public Utility District came into being through the efforts of the Truckee Chamber of Commerce in 1927 and is endeavoring to serve the people with reliable efficient services at low rates.

You don't buy a membership in the Chamber of Commerce—you buy cooperation of the most able businessmen of the Town—**JOIN NOW.**

SUGAR BOWL WILL EXPAND PROGRAM

SODA SPRINGS—With the increasingly popular Lincoln lift in operation and with the runs easily accessible from the lifts more than doubled, the Sugar Bowl is making plans for a greatly increased junior ski program.

The 10 members who compose the Sugar Bowl Ski Club Junior race team are: Girls, Starr Walton, if eligible under the California Interscholastic Federation rules, and Patsy Nast—both junior and class A racers; Mary Helen Reich and Betty Reich. Boys, Pete Urrea, Kramer Herzog, Tom and Ronnie Reich, John MacSwain and Bobby Gester.

The senior race team is composed of Doris Hauser, class B—an exchange student from Switzerland; Edoard Thys, class A; Mark Noble and Robert Arthur, class B; Richard Scibird and Hazen Boucher, former captain of the Stanford University Ski team, class C. In order to give practice to any skiiers wanting it, there will be slalom time trials or an eagle standard race every weekend.

BANK SHOWS BIG GAINS DURING YEAR

A year of record loan service by Bank of America was revealed today as the bank reported total resources of $9,991,842,011 in its statement of condition dated December 31, 1956.

Loans outstanding for the statewide bank now aggregate $5,353,035,991 or $625,074,519 greater than a year ago.

"More than $2 billion of this total represents loans used to purchase or build homes, demonstrating our active role in the employment of savings deposits," said Bank of America President S. Clark Beise. "And loans of this type were increased over a quarter of a billion dollars during the past year.

"There was also a gain of approximately a quarter billion dollars in commercial loans advanced to industry and agriculture in 1956, evidence of our response to increased credit requirements.

"We feel that these figures, made possible by the bank's continuing deposit growth, are particularly significant in the right of money conditions during the past year," Beise said.

Total deposits were reported at $8,993,240,999, an increase of $190,734,871 since the end of 1955.

DRIVER WARNED ON PASSING SCHOOL BUS

SACRAMENTO—Drivers failing to stop for school buses displaying flashing red lights have been involved in several traffic accidents this month, says the California Highway Patrol.

"The law is clear on this subject and it prohibits a driver approaching from either direction from passing along any street or highway," declared Patrol Commissioner B. R. Caldwell. "The only exception is when a school bus displaying the flashing red lights is stopped on the opposite portion of a divided highway.

It should also be remembered that it is not necessary to stop if the school bus is stopped and the red lights are not flashing," Caldwell stated. "The important thing is to know and obey all the laws regarding school buses thus helping to protect our children."

ALCOHOLIC BEVERAGES NOTICE OF INTENTION TO ENGAGE IN THE SALE OF

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Early Truckeeite Foresaw Progress In Winter Sports

Twenty-seven years ago, Wilbur L. Maynard, one of the foremost proponents of winter sports in California, who at the time was manager of the Southern Pacific Hotel in Truckee, wrote profetically of winter sports potential in this state.

In an article for the 1930-31 year book of the National Ski Association of America, Marynard said:

"Visualize, if you can, a sleeping giant approximately 900 miles long with a girth of from 50 to 100 miles, lying prone across a domain in a general north and south direction. This will picture the Sierra Nevada range, which, with its sister ranges, extends down through the State of California. From the Pacific Orean, the distance to its foothills varies from 80 to 120 miles, though many spurs skirt the coast line itself. The Alps, the Vosges and the Laurentian Mountains could each recognize a twin brother in his massive form."

The article continued:

"California's serious entry into the world snow sports was retarded for many years, due mostly to her semi-tropical climate below the snow line. Her all-year golf links and her summer sports were not terminated in the least by the arrival of Jack Frost in the highlands. Therefore the urge to seek the thrilling pastimes afforded by old man winter was lacking.

"Comparatively few Californians have played in the snow. Many have never felt its crisp touch, and thousands have neither seen it fall nor seen it on the ground, except from the great distance of foothills and lowlands. Strange as this may seem, it is true."

Maynard went on in his article to point out the slow but sure strides winter sports made in the state. He cited the Auburn Ski Club's erection of skiing facilities, the subsequent development of the Placerville, Grass Valley, Nevada City, Stockton, Tracy, Lodi and other clubs.

He predicted the full development of the Truckee, Lake Tahoe and Yosemite areas and of the spread of the sport to the southern California ranges.

At the time the article was written the Donner Summit area was just starting to awaken, although several private ski clubs had long used that area for the exhilerating sport. These clubs were made up in San Francisco and the bay area and comprised many members from Switzerland, France, Germany and other places where the sport was popular.

"The Alaskan classic, the sled dog race, has been firmly transplanted from the north and now the ski, the very cornerstone of all winter activity, will mark its course in the snow trails throughout this region."

In the year Maynard wrote his stiring article, he was disappointed in the fact that the 1932 Winter Olympic games, for which he and others in this region made a strong bid, was awarded to Lake Placid, New York. Probably he could not visualize then that the wishful dream would come true 28 years later in the very locale which he so strongly promoted as a winter sports center for the world.

BUDGET FOR U.S. TO BE LOCALLY COSTLY

The Eisenhower federal budget for 1958 means a tax bill of about $7 billion for California's 14,000,000 people, S. J. Arnold, general manager of California Taxpayers' Association, said today.

For Nevada County's 17,320 people, it means a tax bill of about $8,855,000—around $500 per person or $2000 for a family of four, the state-wide taxpayer's association said.

The new federal budget proposes an expenditure total of $71.8 billion in fiscal 1958. Net budget receipts are estimated at $73.6 billion, so there will be a surplus of $1.8 billion, presumably to go against the federal debt.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

SUMMONS
No. 11427

ROBERT A. BARBER and MAXINE T. BARBER,
Plaintiffs,
vs.
SARAH M. RICHARDSON, GEORGE RICHARDSON, RAYMOND R. RICHARDSON, WILLIAM J. CAMPBELL, and "also all other persons, unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto,"
Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the Complaint filed in the office of the County Clerk of said county.

BERLINER & WETHERALL, Nevada City, California, attorneys for Plaintiffs,

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

SARAH M. RICHARDSON, GEORGE RICHARDSON, RAYMOND R. RICHARDSON, WILLIAM J. CAMPBELL, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto," defendants.

YOU ARE HEREBY DIRECTED TO APPEAR AND ANSWER the Complaint on an action entitled as above, brought against you in the Superior Court of the said County of Nevada, State of California, within ten (10) days after service on you of this Summons, if served on you within said county; or within thirty (30) days, if served elsewhere.

This action is brought to determine the adverse claims to and clouds upon the title to the real property described in the Complaint herein and hereinafter described by the said Plaintiffs, who claim that by themselves, or by themselves and their predecessors in interest, they have been in the actual, exclusive and adverse possession of such property continuously for twenty (20) years prior to the filing of the said Complaint, claiming to own the same in fee against the whole world, and to have paid all taxes of every kind levied or assessed against the said property during the period of five (5) years continuously next preceding the filing of the said Complaint, and which said real property is situated in the said County of Nevada, State of California, and described as follows, to-wit:

Lots One (1), Two (2), and Three (3), in Block "H" of the Town of Truckee filed in the lots and block are designated upon the official map of the Town nof Truckee filed in the office of the County Recorder of the said County of Nevada, July 15, 1890.

AND YOU ARE HEREBY NOTIFIED that, unless you appear and answer as above required, the said Plaintiffs will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the County of Nevada, State of California, this 9th day of January, 1957.

JOHN T. TRAUNER, County Clerk.

CARD OF THANKS

The many mesages and flowers sent during my five recent stays in the Tahoe Forest Hospital and University of California Hospital were an incentive to improved health and I take this means to say thank you to each of my friends.

N. F. (TOM) DOLLEY

CARD OF THANKS

It is with sincere appreciation that I wish to thank the staff and personnel of Tahoe Forest Hospital and other friends for their kindnesses during my recent illness. ART MORI

High School PTA Will Hold Meeting Thursday

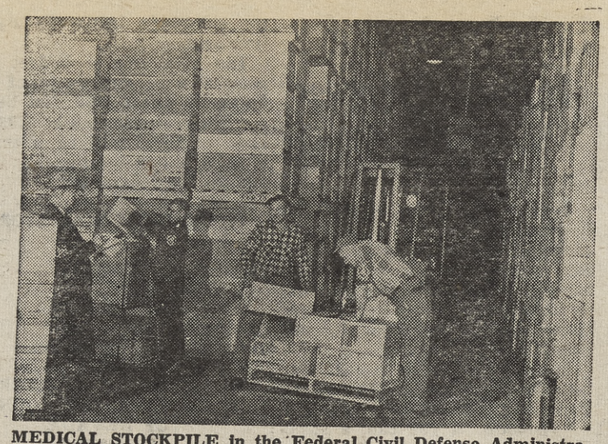
The regular meeting of the Tahoe-Truckee Unified High School PTA will be held at the high school on Thursday, February 14 at 7 p.m. A brief business meeting during which a nominating committee will be elected, will adjourn at 7:30 to meet with the governing board of the school district and Wayne Bartholomew.

Everyone interested in the recreational activities for not only the teen-agers, but the entire family, is urged to attend this important meeting. Bartholomew will discuss the possibilities of a recreation director for this area.

Sea horses range in size from about 1½ inches to over a foot.

THANK YOU

Mrs. Ethel Vernon wishes to express her appreciation to her friends who helped during her illness at home and those who sent cheery mesages to her while in the hospital. C. W. VERNON



MEDICAL STOCKPILE in the Federal Civil Defense Administration warehouse in Marshall, Mich., is typical of the 38 stores of bulk medical supplies in the United States. Each medical stockpile, located 20 to 100 miles from major target cities, is determined by the size of the adjacent target. (FCDA Photo)

EL DORADO URGING BRIDGE AT TAHOE

The El Dorado County Chamber of Commerce and the board of supervisors of that county in similar resolutions have urged the state to construct a bridge across the month of Emerald Bay.

They cite the "continuing large expense" of trying to keep Highway 89 on the west side of Lake Tahoe open and charge that it is a "serious detriment to the economy and business of the south half of Lake Tahoe."

The chamber added that an all-year highway is essential for winter use "especially with regard to the coming winter Olympics at Squaw Valley."

Many other groups have echoed this same sentiment during the past two years.

THREE TAHOE BOYS ENLIST IN U.S. NAVY

Three Lake Tahoe area boys have enlisted in the United States Navy. They enlisted under the "Buddy System" in the navy's high school program. All three are graduates of the Tahoe-Truckee Unified High School.

Roger Dempsey Holbrook, son of Mr. Fred W. Holbrook, of Tahoe City. Roger enlisted as an electronic field seaman recruit.

William Gene Barr, son of Mr. and Mrs. L. D. Barr of Tahoe Vista, enlisted as a high school seaman recruit.

Robert Milton Molsberry, son of Mr. and Mrs. Joseph M. Molsberry of Kings. Beach. Robert enlisted as an electronic field seaman recruit.

All three are assured a school in the field of their choice upon completion of their recruit training, provided that they qualify for the school, physically and mentally.

Conservation Hearing Is Set For March 1st

NEVADA CITY—County supervisors late Friday set 2 p.m. March 1 for a public hearing on a proposal to place the county under the United States Soil Conservation Service.

Supervisors J. C. Coughlan and Guy N. Robinson voted against a hearing while Supervisors Mosco F. Smart, Tabe Bishop and Chairman Henry G. Loehr favored a hearing at which opponents of the plan may demand exclusion.

The Nevada County Soil Conservation District at present covers western Nevada County except Grass Valley and Nevada City. Under the new proposal the entire county would be blanketed except those two communities and Truckee.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe Monday stood at 6227.65 feet with 250 csf of water leaving the gates. There were 28 inches of ideal skiing snow on the ground. Temperatures have ranged from 3 to 38 degrees above zero. The five inches of snow which fell Friday had .27 of an inch of precipitation.

Tonsilectomy—

Sandy, small daughter of Mr. and Mrs. Lorrin Ferdinand is recuperating at home following a tonsilectomy last Friday in Tahoe Forest Hospital.

EIGHTEENTH MISSION

The Mission San Luis Rey de Francia, four miles east of Oceanside, was eighteenth in the chain of missions, says the California State Automobile Association.

CHURCH NOTES
Rev. Wesley Osman, Pastor

There will be a dual observance in the Sunday worship at the Methodist Church. February 10th is Boy Scout Sunday and several Boy Scouts will be seated in the edifice. Also, Sunday is a Sunday for race relations observance. The message for the mroning will deal with our jobs as American Christians in a nation of racial conflict. Evervone is invited to come and worship. The service begins at 11 a. m. Sunday school starts at 9:45 a. m.

Stockton is 75 nautical miles from the San Francisco Ferry Building.

LOCAL PATROLMAN IS GIVEN CITATION

Dean Vinson, a fire prevention patrolman, working out of the Truckee District, received $150 for heroic effort in saving the life of a forest firefighter in a major fire in the San Bernardino National Forest.

Four Tahoe National Forest employes, including Vinson, were honored at a dinner held in Auburn recently.

The awards were presented by Supervisor L. A. (Gus) Rickel and were in the form of a letter of commendation from the regional forester of California and accompanied by cash pavments.

Vinson, with disregard for his own personal safety, ran through fire into a clearing where an emplove was trapped and whose clothing had already caught fire and was in a state of shock. He led the man to safety and himself received minor burns.

Gordon Lawlor received a check for $100 for his reliability, even temper and good judgment. John S. Woolfork, Downieville ranger, received $50 for the part he played in the Vinson rescue work and Charles Everhart, was given $75 for a suggestion which has resulted in more efficient work throughout the United States.

DATES ADVANCED FOR SKIING MEET

Dates for the North American Alpine skiing championships at Squaw Valley have been changed to April 6-7, Alan Bartholemy, executive director of the 1960 Olympic Games Organizing Committee, said.

Originally the dates were March 9-10, but Bartholemy said the National Ski Association felt a better field would participate at the later dates.

Glad To Be Home—

Mrs. Cleo Klein arrived by airplane Monday from a two weeks visit at Redondo Beach. While Mrs. Klein enjoyed seeing relatives and going places in the south of the state, she said that she very much enjoyed coming back to the clear air of home.

PLANS FOR OLYMPIC GAMES ARE AIRED

Plans for the 1960 Winter Olympic games at Squaw Valley and for construction of highways which will lead to the area were explained Sunday over KCRA-TV's "Under the Capitol Dome," an award winning public service program, conducted by Merle Hussong, moderator.

Participating in the program at the Sacramento station were Gov. Goodwin J. Knight, whose enthusiastic support has made the games possible; Frank B. Durkee, director of the state department of public works, who has coordinated highway building plans to meet the needs in this area, and Walter M. Barrett, Sierra Sun publisher and a member of the California Olympic Commission, who briefly told of plans for the games.

Governor Knight also prepared an invitation to the world to attend the games on a nation-wide radio hookup, which will be aired on NBC's Monitor.

BUSY AGENDA READY FOR SCHOOL BOARD

Lt.-Col. John C. Schuster will be present at a meeting of the governing board of the Tahoe-Truckee Unified School District February 12 at 8 p.m. in the high school to discuss organization of a unit of the California Cadet Corps.

A number of other items are on the busy agenda including a discussion by Albert Bequette, superintendent of schools on a proposed bond issue for construction of a Placer County Junior College at Auburn.

The board will also hear a report from Gordon Stafford, Sacramento architect, on proposed building in the district and will review expenditures and take up other routine matters. Reg Smart, board president, will preside.

Lake Couple Plead Guilty To Violation Of State Code

Thomas L. and Jean B. Nott, both pleaded guilty to violating Section 2110 of the California Unemployment Insurance Code, at a hearing held in the Placerville Judicial Court on February 1. Mr. and Mrs. Nott are the owners and operators of the Tortilla Flat in Bijou.

This hearing resulted from charges brought by Scot C. Harrington, auditor in charge for the departmentof employment in El Dorado and Placer counties. The Notts were specifically charged wth failure to remit employe contributions to the department after making such deductions from the wages of their employes.

Judge Leon Johnson sentenced the Notts to 90 days in jail, suspended, placed them on two years probation and stipulated that restitution of $350 must be made to the department within one year.

From Tahoe Valley—

Game Warden and Mrs. James Leamon of Tahoe Valley were visitors this week with Mr. and Mrs. Harold Langille.

BUEK FOURTH IN UTAH SKI TOURNEY

ALTO, Utah—Bud Werner of Steamboat Springs , Colo., now soldiering at Camp Hale, won the Snow Cup giant slalom Sunday, covering the mile and a quarter course in 2:02.8. Top-finishers included Dick Buek of Soda Springs, Calif., who was fourth in 2:15.3.

Dolley Back—

N. F. (Tom) Dolley, local businessman and civic leader is at home recuperating from an operation performed at the University of California Hospital.

Trainmaster Leaves To Study Special Course

Mr. and Mrs. R. L. King and family are in Richmond at present where King, trainmaster for the Southern Pacific Company here is taking a special course at the University of California.

The schooling is being taken by King to further his type of work with the Southern Pacific Company.

Hiram Fowler of Colfax who has been assistant trainmaster here for the past year is temporary trainmaster while King is attending the university.

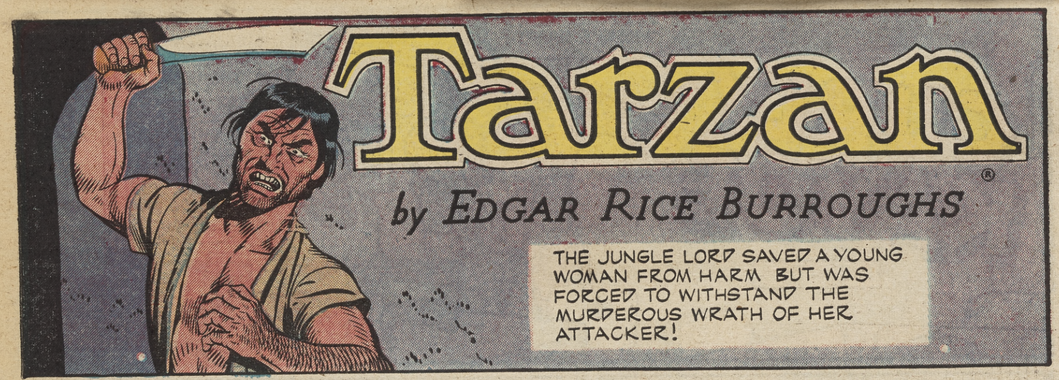
Tarzan®

by EDGAR RICE BURROUGHS



THE JUNGLE LORD SAVED A YOUNG WOMAN FROM HARM BUT WAS FORCED TO WITHSTAND THE MURDEROUS WRATH OF HER ATTACKER!
SNAKELIKE, TARZAN'S HAND DARTED TO HIS ENEMY'S WRIST. HE PIVOTED, THEN DASHED THE CREOLE TO THE COBBLESTONES!
"GRACIAS--YOU WERE WONDERFUL!" EXCLAIMED THE GIRL. "WONDERFUL INDEED," INTERRUPTED A PAUNCHY STRANGER. "BUT WHAT IF A PEASANT IS DEAD?"
THE FAT MAN'S COMPANION QUICKLY INSPECTED THE BODY. "HE IS DEAD, SEÑOR GOMEZ. THE NECK IS BROKEN!"
THE COMMANDANTE IMMEDIATELY BLEW A WHISTLE--AND SEVERAL HUSKY POLICEMEN LEAPED FORWARD TO HOLD THE SNARLING APE-MAN AT BAY!
"THEN, MY COMMANDANTE," SAID GOMEZ SMOOTHLY, "YOU HAVE NO CHOICE BUT TO ARREST THIS MAN--FOR MURDER!"
